

HANDMADE IN FLORENCE

FB/80

*Featuring PID temperature controls,
solid-state relays, pre-heating system
and adjustable steam flow.*

**High tech
with style**

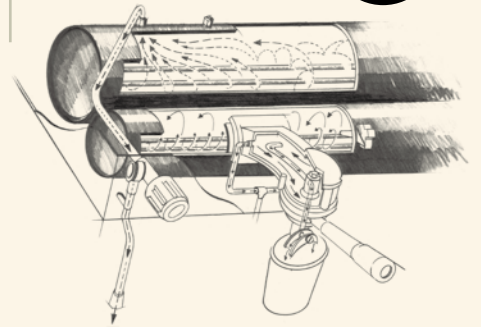

*The FB/80 takes temperature stability to a new level,
electronically monitoring all machine functions.
Saturated brewing groups and dual-boiler technology inside.
Ideal for locations where top quality in the cup
& design are equally important.*

Dual Boiler Technology

	Height (x) cm/in.	Width (z) cm/in.	Depth (y) cm/in.	Weight kg/lbs	Voltage VAC	High Wattage elements	Steam boiler capacity liters	Coffee boiler capacity liters
 2 groups	48.5/19	75.5/29 _{1/2}	62.7/24 _{3/4}	64/141	200 Single/Three Phase 220 Single/Three Phase 380 Three Phase	4600	7	3.4
 3 groups	48.5/19	95.5/37 _{1/2}	62.7/24 _{3/4}	74/163	200 Single/Three Phase 220 Single/Three Phase 380 Three Phase	6100	11	5
 4 groups	48.5/19	119.5/47	62.7/24 _{3/4}	94/207	200 Single/Three Phase 220 Single/Three Phase 380 Three Phase	8000	14.5	6.8

High wattage elements not available on 200V 3phase Et 220V 3phase 4 groups models.

The picture shows the automatic (AV) configuration. All specifications are subject to change without notice.

- Dual-boiler technology and saturated brewing groups
- Stainless steel boilers & brewing groups
- PID temperature control (proportional integral derivative)
- Brew water pre-heating system
- Multifunction keypads and digital display (pls see left picture)
- Customized steam valve with adjustable steam flow
- Omni-directional stainless steel steam wands
- Hot water economizer
- Available automatic (AV), semi-automatic (EE) and mechanical paddle (MP) (for latter option see specific brochure)
- Standard colours: metallic red, metallic blue antigua
- High wattage heating elements

Options

- High base (for larger cups sizes x= +2,5cm./1in.)
- High legs (x= +7,5cm./3in.)
- Cup warmer
- Auto steam
- Customizable automotive colours
- Portafion™ kit with coated portafilters and steam wands
- Barista lights
